

## A Valuable Agent.

The glycerine employed in Dr. Pierce's medicines greatly enhances the medicinal properties, which it extracts and holds in solution much better than alcohol would. It also possesses medicinal properties of its own, being a valuable demulcent, nutritive, antispasmodic and astringent. It adds greatly to the efficacy of the Black Cherrybark, Golden Seal root, Stone root and Queen's root, contained in "Golden Medical Discovery" in subduing chronic, or lingering coughs, bronchitis, throat and lung affections, for all of which these agents are recommended by standard medical authorities. In all cases where there is a wasting away of flesh, loss of appetite, with weak stomach, as in the early stages of consumption, there can be no doubt that glycerine acts as a valuable nutritive and aids the Golden Seal root, Stone root, Queen's root and Black Cherrybark in promoting digestion and building up the flesh and strength, controlling the cough and bringing about a healthy condition of the whole system. Of course, it must not be expected to work miracles. It will not cure consumption except in its earlier stages. It is in the lingering coughs, chronic coughs, bronchitis and laryngeal troubles, and chronic sore throat with hoarseness. In acute coughs it is not so effective. It is in the lingering coughs, or those of long standing, even when accompanied by bleeding from lungs, that it has performed its most marvelous cures. Send for and read the little book of extracts, treating of the properties and uses of the several medicinal roots that enter into Dr. Pierce's Golden Medical Discovery and learn why this medicine has such a wide range of application in the cure of diseases. It is sent free. Address Dr. R. V. Pierce, Buffalo, N. Y. The "Discovery" contains alcohol or harmful, habit-forming drugs. Ingredients all printed on each bottle wrapper in plain English.

Sick people, especially those suffering from diseases of long standing, are invited to consult Dr. Pierce by letter, free. All correspondence is held as strictly private and confidential. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for paper-covered, or 31 stamps for cloth-bound copy.

## HON. CARL SCHURZ HAS PASSED AWAY

AN ACTIVE AND EVENTFUL CAREER TERMINATED.

A GERMAN REVOLUTIONIST

His American Career Covered the Callings of Law, Soldier, Politician, Diplomat, Author and Journalist.

New York, May 15.—Carl Schurz, widely known as a publicist, former cabinet member and former United States senator from Missouri, died at his home in this city at 4:35 o'clock Monday morning.

Death was due to a complication of diseases following an attack of stomach trouble, which became acute Thursday last.

In spite of brief periods of seeming improvement Schurz slowly faded and Sunday afternoon sank into a state of coma, which continued until the end.

At the bedside were a son, Carl L., and two daughters, Marianne and Agatha; Edward L. Pretorius, of the St. Louis Westliche Post, in which Schurz was still a stockholder, and Doctors Jacob and Strauss.

Schurz was born at Liblar, Prussia, 77 years ago. He was educated at Cologne and at the University of Bonn.

With Gottfried Kinkel, a professor at the university, he became associated in the publication of a liberal newspaper, and later became involved in the revolutionary movement of 1848-9.

He was compelled to remove to Switzerland for his safety. In the meantime Kinkel had been arrested and imprisoned in the penitentiary at Spandau. In 1850 Schurz secretly returned and accomplished the release of Prof. Kinkel, who was the hero of the revolutionists of those days.

For this difficult and daring exploit young Schurz won fame that endures to this day, but it made him an exile from Germany. He lived in Paris for a time, acting as correspondent for liberal German newspapers. Then he went to London, where he was a teacher.

Career in United States.

In 1852 Mr. Schurz emigrated to the United States, making his first home in Philadelphia. In the 54 years of his life in this country he was successively: Candidate for lieutenant-governor, Wisconsin. Defeated. Lawyer in Milwaukee, 1859. Delegate national republican convention, 1860. Speaker in campaign, 1860. Minister to Spain, 1881. Soldier in Union army, having resigned diplomatic post to fight. Brigadier-general, 1862. Commander of a division at second Bull Run. Major-general, 1863. Participated in Gettysburg. Chancellorsville and Chattanooga. Special commissioner after the war to report on the condition of the south. Washington.

Founder New York Tribune, 1855-66. Founder Detroit Post, 1866. Editor St. Louis Westliche-Post, United States senator from Missouri, 1869-75. President over Cincinnati liberal republican convention, 1872. Secretary of the Interior, Hayes' cabinet, 1877-81. Editor New York Evening Post, 1881-4. Editor Harper's Weekly in the '90s.

Always Active.

Schurz always was a prominent figure in politics. He was among the leaders of many an independent movement. He opposed Grant's administration in many things, was a supporter of Horace Greeley against the regular republican nominee, was prompt to repudiate the nomination of Blaine and went on the stump for Cleveland. He was known especially for his advocacy of civil service reform. He is the author of a great deal of literature.

THE BRITISH AND THE ZULU

Bambata, the Zulu Chief Reported to Have Crossed Into Natal—Heavy Firing Heard.

Esbote, Natal, May 15.—It is reported that Bambata, the insurgent Zulu chief has crossed into Natal. Heavy gun firing was heard May 13 from Nkandhla, which is fighting in Zululand.

Greytown, Natal, May 15.—Serious fighting is progressing in Zululand. Heavy gun fire was heard, Monday at Krantzkop.

Natives Ready to Rise.

Durban, Natal, May 15.—Several native tribes on the Natal side of the Tugela river are reported to be ready to rise.

ENDOWS AN OLD COLLEGE

A Jacksonville (Ill.) Institution Will Receive Fifty Thousand From Carnegie.

Jacksonville, Ill., May 15.—President Rammelkamp of Illinois college received word Monday morning that Andrew Carnegie had given the school \$50,000.

The announcement was followed by a great demonstration by 200 students and citizens. Illinois college is the oldest school west of the Allegheny mountains. It opened in 1820.

He Rooted Too Hard.

Memphis, Tenn., May 15.—According to the physicians attending Frank A. Webber, who died shortly after being removed from his seat on the beachers at the local park, "excessive rooting" for the home team in the game against Montgomery caused his demise.

Webber, who was an enthusiastic admirer of the Memphis (Southern association) team, was engaged in encouraging the Memphis team by words and gesture when he was seen to collapse. He was removed to the hospital, death following within an hour.

Probably a Total Loss.

Edgartown, Mass., May 15.—The New York barkentine Hattie G. Dixon, bound from Baltimore for Boston with a cargo of coal, went ashore early in the morning on a reef to the southward of Skiff's island and will probably be a total loss. The crew got ashore in safety.

Children Perish in Burning Home.

Pittsburg, Pa., May 15.—In a fire that destroyed the residence of Marcus A. Woodward at Clifton, his two children, Margaret and Marcus were burned to death.

## STATE HAPPENINGS.

Insurance Business in Missouri.

Jefferson City—The premiums paid by citizens of Missouri during the last year for all kinds of insurance amounted to the sum of \$3,536,302.18. These figures are obtained from the report now being compiled by States Superintendent of Insurance W. D. Vandiver, and accordingly are official. The premiums paid to policy holders during the same time amounted to \$12,934,698.33. This gives a difference in favor of the insurance companies of the bulk of the total. The premiums paid on life insurance by residents of the state for the last year stand at \$15,268,222.41. The amount paid for fire insurance premiums was \$8,525,730.69. The remainder paid in premiums includes a miscellaneous character of insurance. There are 378 insurance companies doing business in this state, which embraces all classes of insurance. These companies pay taxes to the state for the year ending at \$14,153.36 a year at the present time. The amount of premiums returned by fire and marine, mutual fire, miscellaneous stock, regular life and stipulated premium life insurance companies amounted to \$24,572,752.21.

Students and Showmen Fought.

Columbia—Maynard M. McDole, of Craig, was shot in the head and probably fatally wounded, and Leonard Waddell, of Kansas City, was seriously wounded, in a fight with employees of the Cole Bros. circus. Both are students at the state university, and a number of their companions, also students, were severely beaten in the affray. Several of the circus men were also wounded, one of them being shot. A crowd of students were forcibly ejected from the circus tent because they refused to pay to hear a concert. They then gressed the rails of the Wabash tracks, and the circus train was stalled and one car derailed on the outskirts of town. The infuriated showmen swarmed from the cars, armed with staves and firearms, and the battle raged furiously for a few minutes, the students finally withdrawing. It is said that several of the young men were cut, but did not make any report of their injuries.

Bomb Sensation at the Capital.

Jefferson City—A sensation was caused here by a story to the effect that an infernal machine, with an ignited fuse, was found under the window of Gov. Folk's office at the state house. The truth about the matter is that Building Commissioner Seaber about three weeks ago found a dry cell from an electric battery. He threw it on the top of one of the cannon caissons, to keep it out of the way of the lawn mowers. Someone connected with the armory discovered it, and straightway concluded it was a bomb, capped and primed, ready for deadly execution. This gave rise to wild stories.

Randolph County Plans Courthouses.

Moberly—The county court of Randolph county has under consideration a proposition to expend \$150,000 in the erection of two courthouses, one in Huntsville and the other in Moberly. Randolph county has a dual court system, but no courthouse in Moberly. The building in Huntsville is in bad repair.

Missouri's School Fund.

Jefferson City—State Superintendent of Public Schools Carrington estimates that the state contribution to the public school fund this year will amount to \$1,400,000. This will give to each one of the million school children of the state \$1.40 toward securing an education.

Missouri Fruit Not Injured.

Columbia—Fruit in this state was not injured by the recent heavy frost, is the opinion of Dr. J. C. Whitten, horticulturist at the university experiment station. The frost was heavy only near the ground, and considerable damage was done to tender garden plants.

Home Bank Discontinued.

Rich Hill—The Home bank of Hume, which has been doing business for 24 years, has turned over its deposits and all business to the Commercial bank of Hume, which was incorporated three years ago, and has discontinued.

Missouri Postmasters Nominated.

Washington, D. C.—President Roosevelt has sent the following nominations for Missouri postmasters to the senate: I. N. Strawn, Hopkins; J. H. Smith, Warrensburg; F. E. Flanders, Paris.

Decker Refused New Trial.

Springfield—The motion for a new trial in the case of Louis Decker, given five years for bribery, was overruled by Judge Lincoln. The case came from St. Louis.

Editor Creager Dead.

Kansas City—Phillips S. Creager, aged 37, for twelve years telegraph editor of the Kansas City Journal, died of appendicitis at the South Side hospital.

Silver Dollar Saved His Life.

Clarence—A silver dollar in his pocket saved the life of J. Kemp, who was shot at by Police Judge Isaac Barnes. The bullet struck the coin.

A Methodist For Seventy-Five Years.

Ashley—Mrs. Elizabeth Williamson, 93 years of age, a member of the Methodist Episcopal church for 75 years, passed away here.

Girl Takes Poison and Dies.

Stanberry—Miss Lucia Redmond, aged 20, committed suicide by taking rat poison. Her relatives can assign no reason for the deed.

Aged Woman Burned to Death.

Brownington—Mrs. Hubbard, aged 84, was burned to death in her home four miles east of here. The house caught fire from a stove.

Hung Himself on Back Porch.

Columbia—Mrs. Martha Berry committed suicide by hanging with a strap on the back porch of her home near this city.

Miller Boonville Oil Inspector.

Jefferson City—Gov. Folk has appointed Joseph W. Miller coal oil inspector of Boonville.

## WASTED TO A SHADOW.

But Found a Cure After Fifteen Years of Suffering.

A. H. Stotts, messenger at the State Capitol, Columbus, O., says:

"For fifteen years I had kidney troubles, and though I doctored faithfully, could not find a cure. I had heavy backaches, dizzy headaches and terrible urinary disorders. One day I collapsed, fell insensible on the sidewalk, and then was wasted away in bed for ten weeks. After being given up, I began using Doan's Kidney Pills. In a couple of months I regained my old health, and now weigh 188 pounds. Twelve boxes did it, and I have been well two years."

TRUE SOUTHERN CHIVALRY

Kentucky Colonel Didn't Apologize, But He Came Very Near Doing It.

Many stories have been told of southern chivalry, but the palm appears to go to a story told by a former governor of Kentucky while visiting Philadelphia recently.

According to the narrator, a genuine Kentucky colonel boarded a street car which was very crowded, and somehow he stepped on the foot of a very pretty woman. Of course, the woman expected the colonel to apologize, just as did everybody else who heard her give a mouse-like squeal when the colonel's foot came down.

And she looked as though she expected an apology, but the colonel, divining her thought, doffed his hat and said: "No, madam, I'm not going to apologize. When the good Lord was so gracious as to make women so beautiful and charming and with such wonderfully small feet that a man has to tramp on them to find them, I don't think that an apology is in order."

The compliment was too grateful for the woman to resist, and all that followed was a smiling acknowledgment of the colonel's gallant speech.

BOY'S HEAD ONE SOLID SORE.

Hair All Came Out—Under Doctor Three Months and No Better—Cuticura Remedies Works Wonders.

Mr. A. C. Barnett, proprietor of a general store in Avar, Oklahoma, tells in the following grateful letter how Cuticura cured his son of a terrible eczema. "My little boy had eczema. His head was one solid sore, all over his scalp; his hair all came out, and he suffered very much. I had a physician treat him, but at the end of three months he was no better. I remembered that the Cuticura Remedies had cured me, and after giving him two bottles of Cuticura Resolvent, according to directions, and using Cuticura Soap and Ointment on him daily, his eczema left him, his hair grew again, and he has never had any eczema since. We use the Cuticura Soap and Ointment, and they keep our skin soft and healthy. I cheerfully recommend the Cuticura Remedies for all cases of eczema. A. C. Barnett, Mar. 30, 1905."

One on the Doctors.

The Boston Herald tells a story of a physician of Salem, Mass., who, talking to a group of friends, said: "I wanted to be a soldier, but my parents persuaded me to study medicine."

"Oh, well," rejoined one of the party, "such is life. Many a man with wholesale aspirations has contented himself with a retail business."

## Don't Poison Baby

FORTY YEARS AGO almost every mother thought her child must have PAREGORIC or laudanum to make it sleep. These drugs will produce sleep, and A FEW DROPS TOO MANY will produce the SLEEP FROM WHICH THERE IS NO WAKING. Many are the children who have been killed or whose health has been ruined for life by paregoric, laudanum and morphine, each of which is a narcotic product of opium. Druggists are prohibited from selling either of the narcotics named to children at all, or to anybody without labelling them "poison." The definition of "narcotic" is: "A medicine which relieves pain and produces sleep, but which in poisonous doses produces stupor, coma, convulsions and death." The taste and smell of medicines containing opium are disguised, and sold under the names of "Drops," "Cordials," "Soothing Syrups," etc. You should not permit any medicine to be given to your children without you or your physician know of what it is composed. CASTORIA DOES NOT CONTAIN NARCOTICS, if it bears the signature of Chas. H. Fletcher.

## Letters from Prominent Physicians addressed to Chas. H. Fletcher.

Dr. J. W. Dinsdale, of Chicago, Ill., says: "I use your Castoria and advise its use in all families where there are children."

Dr. Alexander E. Mintie, of Cleveland, Ohio, says: "I have frequently prescribed your Castoria and have found it a reliable and pleasant remedy for children."

Dr. J. S. Alexander, of Omaha, Neb., says: "A medicine so valuable and beneficial for children as your Castoria is, deserves the highest praise. I had it in use everywhere."

Dr. J. A. McClellan, of Buffalo, N. Y., says: "I have frequently prescribed your Castoria for children and always got good results. In fact I use Castoria for my own children."

Dr. J. W. Allen, of St. Louis, Mo., says: "I heartily endorse your Castoria. I have frequently prescribed it in my medical practice, and have always found it to do all that is claimed for it."

Dr. C. H. Glidden, of St. Paul, Minn., says: "My experience as a practitioner with your Castoria has been highly satisfactory, and I consider it an excellent remedy for the young."

Dr. H. D. Benner, of Philadelphia, Pa., says: "I have used your Castoria as a purgative in the cases of children for years past with the most happy effect, and fully endorse it as a safe remedy."

Dr. J. A. Boardman, of Kansas City, Mo., says: "Your Castoria is a splendid remedy for children, known the world over. I use it in my practice and have no hesitancy in recommending it for the complaints of infants and children."

Dr. J. J. Mackey, of Brooklyn, N. Y., says: "I consider your Castoria an excellent preparation for children, being composed of reliable medicines and pleasant to the taste. A good remedy for all disturbances of the digestive organs."

## An M. D.'s Praise

I GAVE CARDUI to my wife, with great benefit," writes Dr. O. P. Walker, of Motz, Ark., "and unhesitatingly endorse it as all that its makers claim. I have used it lately in two very obstinate cases of amenorrhea (scanty flow) in young girls, one of habitual miscarriage and one of sterility,—all with the happiest results. I am, as most doctors are, slow to recommend patent medicines, but Cardui accomplishes results, and so I use it." Good for periodical pain, and other female trouble. Try it.
